COMPANY PROFILE

SCANiD SYSTEMS PVT. LTD.

Mr. Satish Kadam
Managing Director

Headquarters:

3, Vishwaraja Darshan, Dr. Samant Marg, Opp. Railway Station,
Elphinstone (West), Mumbai - 400 013, India.

Tel. No. :- (022) - 24212009

Email: satishkadam@scanidsystems.com

Main Business Activity:

Manufacturers & Service Providers

Our Products

- ★ E- I-Card (RFID) System for schools
- ★ E- I-Card (RFID) System for Colleges
- ★ RFID Walktru Attendance System(ID Cards).
- ★ “The Digital Uniforms” (Patent Applied) 
- ★ RFID Based Library Management System 

LIBRARY MANAGEMENT SYSTEM

Salient Features:

1. Designed using the most Latest and Reliable Hardware and Software Technologies.
2. Accurate and Extensive Book Stock and Transaction Reports.
3. **Anti-Theft feature ready.**
4. Physical Book Location Finder and Indicator.
5. Extensive Online and On Field Technical Support.
6. Book Return / Overdue Reminder SMS facility.
7. Multi-User , Multiple Library interface.
8. Online Book Search / Book Availability Search / Book Issue System

LIBRARY MANAGEMENT SYSTEM

The Package Includes Following:

A. Softwares

1. Deligently designed Multi-Featured **Library Management Software** (future scalable) with hardware interface.
2. **Android Application** with individual Book search facility and Stock taking feature.

B. Hardwares

1. Android based **UHF Hand-held RFID scanner**.
2. **UHF RFID Self Adhesive Tags** for Books.
3. **Table-Top USB UHF Reader** for Book Issue, Return, Registration activity.
4. **Anti-Theft Hardware System with indicator and Logger.**
5. **Digital Cupboard indicator.**

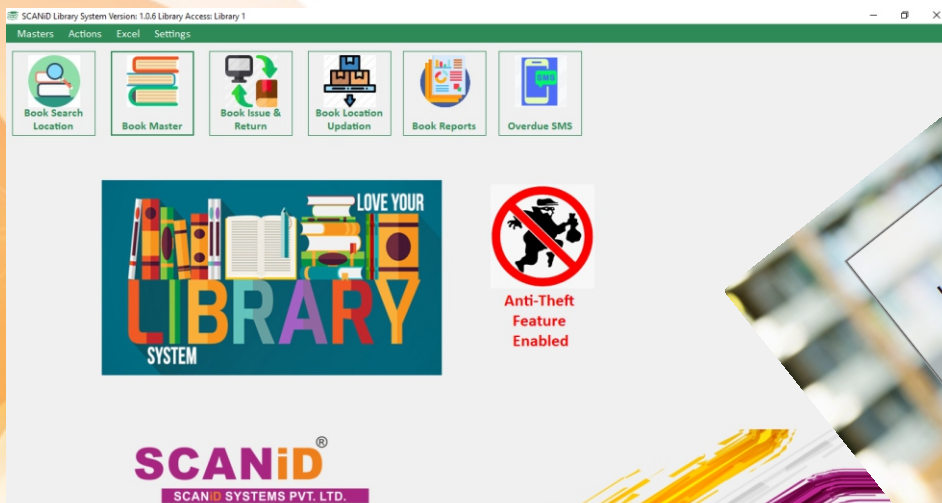

LIBRARY MANAGEMENT SYSTEM

Software Features

1. Multi-User Log-In System.
2. Masters :
 - a. Book Master
 - b. Location Master
 - c. Student Master
 - d. Staff Master
3. Book Issue & Return
4. Book return / overdue Reminder SMS Alert to Staff / Studnets.
5. Damaged Book Withdrawal Feature.
6. Lost Book Search.
7. Book Stock Taking and Verification.
8. Excel Export of book master

LIBRARY MANAGEMENT SYSTEM

Software Features

Online Library Book Issue System

1. The student and staff can now check the “Book Availability” online sitting at home and also issue the book to themselves and later on collect the book from Library at their time of convenience.
2. The Librarian shall get an alert on the software screen of the list of Books issued online with Book Name, Book Location, Name of the Student issued the book, Issue Date and Issue Time.
3. Also has a settable cut-of time for the validity of the book collection once book is issued online. So the student once have online issued book to himself can be made mandatory to collect the Book from Library with-in stipulated time period.
4. Students also can Preview his own Book Issue Report online.

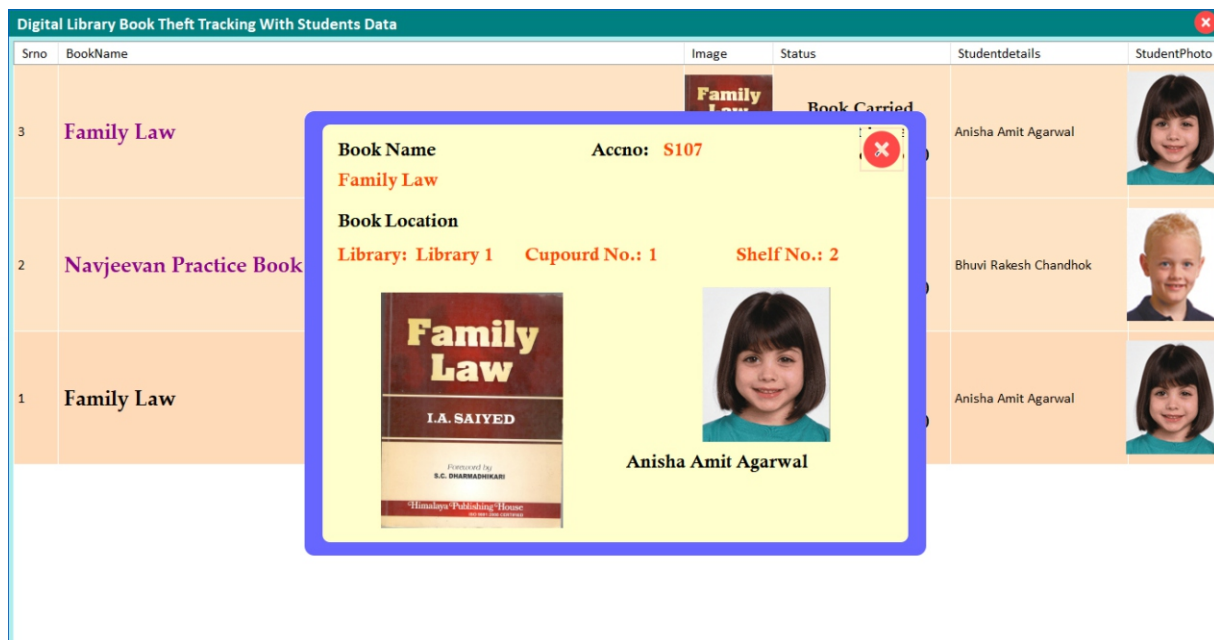

LIBRARY MANAGEMENT SYSTEM

Software Features

Anti Theft System

A student/Staff by mistake carries a Book, out of Library without being issued to him/her, the Anti-Theft System shall detect and identify it immediately and raise an alert to the Librarian on Computer as well as buzzer.

Cupboard Indicator

This hardware features makes physical book search easier in the Library. Librarian searches a particular Book in the software, it would show Book location on the Software Screen, at the same time the Cupboard in which that Particular book is available its "Digital Indicator" shall glow "ON" so one can easily identify the Cupboard.
